

Alpine Garden Society

Hertfordshire Group

We are a friendly group interested in a wide range of plants, seeing them in their habitat and growing them under cover and in the open garden. We have members growing plants in alpine houses, in frames, in raised beds and in troughs. Most of us grow non alpinines too. We invite you to join us.

You do not need any expertise to become a member, you just need a love of plants. For more information contact our Secretary Bernard Gane secretary@hertsags.co.uk or telephone him on 01582 761416.
